Dear Mr. Thompson,

I am pleased to acknowledge the fine craftsmanship that your firm performed in the construction of our new parish church. The masonry work is outstanding and we have received countless positive comments about the beauty of the structure and the superior quality of the work. I particularly was impressed with the ability of your firm to complete the job so quickly---meeting deadlines with ease and fine quality control. Finally, I wish to express a personal observation on the exceptional positive attitude of your employees--- the men and women were respectful, professional and courteous at all time.

With every good wish and blessing, I remain,

Sincerely yours,

Reverend Monsignor Neyin J. Klinger
Pastor
